# State Representative Phillip D. Hinkle House District 92

### **Legislative Survey**

Dear Neighbor,

The 2007 legislative session has begun and I am asking for your input on the important issues facing Indiana. The input I receive from constituents is very important in helping me decide how to vote on issues.

This newsletter contains my legislative survey, which I hope you will complete to share your opinions on some of the legislative topics we will discuss this year. You will also find an update on some of the agenda items I will be pursuing and an article about decreasing Indiana's reliance on foreign fuel.

I will continue to represent the residents of District 92 in the best way I know how; by listening to the thoughts and ideas of the constituents. Please do not hesitate to contact me with your questions or concerns as we progress through the 2007 legislative session.

Sincerely,

Tuly D. Hinkle

Phil Hinkle

Rep. Hinkle speaks at the podium on the House floor.

How to Contact State Rep. Hinkle

If you have a question regarding state government, there are three ways you can contact Rep. Hinkle:

Mail

State Rep. Phillip D. Hinkle 200 W. Washington Room 401 Indianapolis, IN 46204

**Telephone** (317) 232-9600

E-mail H92@in.gov

# 12 Point Plan for Indiana's Progress

- 1. Permanently Eliminate Taxpayer Funded Lifetime Healthcare Benefits for House Members through legislation to be introduced in the 2007 legislative session. Last year, Republican Leader Brian Bosma eliminated the benefit administratively.
- 2. **Balance the 2008-09 State Budget** with no general tax increases, accounting gimmicks or dedicated fund transfers to artificially balance Indiana's books.
- 3. **Eliminate Partisan Gerrymandering** of Indiana's legislative and congressional districts for political gain by the party in control of the Indiana House at the end of each decade.
- 4. **Provide for Indiana's Energy Needs** with a focus on 'Hoosier Homegrown Energy' by making bio-diesel and ethanol more available to consumers, thus reducing the reliance on imported oil.
- 5. **Reform the Bureau of Motor Vehicles (BMV)** by providing a 30-minute guarantee at the BMV and other measures to improve service and efficiency.
- 6. Honor and Support Hoosier Veterans and Active Military by increasing financial assistance to those who are serving today and their families, and honoring veterans for their service.
- **7. Empower Indiana Schools** by providing more resources, more flexibility and more incentives for schools, teachers, parents, and students.
- 8. **Crack Down on Illegal Immigration** by broadening State Police powers to enforce federal immigration laws and ensuring that state benefits are awarded only to legal Indiana residents.
- 9. **Expand our Job Creation Success** and promote job growth in the small business sector where 75% of Hoosier jobs are created.
- 10. **Get Tough on Crime** by requiring violent felons to serve at least 85% of their sentence, protecting children from Internet sexual predators, requiring federal background checks on caregivers of the elderly, and protecting all Hoosiers from identity theft, violent offenders, and meth dealers.

Rep. Hinkle and Rep. Crawford debate a bill on the House floor during the 2006 legislative session.

11. Help Access Affordable Healthcare with common sense market based solutions like providing tax credits for Worksite Health Programs, a Health Insurance Premium Deduction,

and allowing coverage by a parent's policy until the age of 24.

12. Let Hoosiers Speak on Traditional Marriage by voting in the 115th General Assembly

on SJR7 – the amendment to define marriage as a union between one man and one woman – and placing SJR7 on a referendum ballot for Indiana voters to consider in November of 2008.

## Limiting Hoosier Reliance on Foreign Fuels

House Republicans made alternative energy a top priority during the 114<sup>th</sup> session of the Indiana General Assembly and through those efforts Indiana has become a leader in biofuel production. In January 2005, Indiana had one biofuel plant and no public E85 pumps. Now, there are 17 ethanol plants and four biodiesel plants operating, under construction or announced. Availability of these renewable resources has also been increased and presently there are 40 E85 and nine biodiesel pumps around the state. This places Indiana in the top five states in the nation for retail availability of E85 fuel.

Increasing Hoosier awareness of alternative energy benefits will be a focus of the 2007 session. Indiana's state government is making the transition to renewable resources by gradually replacing the motor fleet with flex-fuel vehicles. House Republicans will also work to require an energy audit of all state government facilities so that a percentage of electrical needs for state government can be purchased from renewable sources. Republican leaders would also like to provide tax incentives to encourage citizens to choose to invest in renewable energy. Currently, individuals who purchase hybrid vehicles are provided with a federal tax credit. House Republicans would like to give Hoosiers further incentive by providing an additional \$1,000 purchase credit. To entice businesses to invest in renewable energy, they have proposed tax credits for companies that invest in alternative energy such as methane, solar or wind power.

During this session, House Republicans will continue to promote "homegrown" energy to reduce the state's reliance on imported oil and to attract new jobs. Indiana's 21 alternative fuel production facilities will strengthen the economy by creating an estimated 918 permanent Hoosier jobs, bring at least \$29.5 billion to our rural economies and lead to \$1.67 billion in capital investment. House Republican plans will continue to lead Indiana's economy forward.

# State Representative Hinkle's 2007 Legislative Survey

Visit my website at **www.in.gov/h92** to complete this survey and send me additional comments.

survey and send me additional comments.			
If there are two voters in your household, please have voter one respond in the first column and voter two in the second column. Please give one answer for each question. When finished with the survey, cut along the dotted line, fold the survey and return it to my office. Please do not fill out this survey using red ink.			Yes No have no opinion
шу	this survey does not	Yes No I have no opinion	до о
Voter 1 Gender (optional) ☐ Male ☐ Female necessarily indicate Rep.			/e n
Vot	ter 2 Gender (optional)	Yes No I hay	Yes No I ha
1)	Would you support a constitutional amendment allowing a county to consolidate their electer constitutional offices and consolidate counties by votes of the local legislative bodies?		
2)	Would you favor giving local governments the ability to assess a local option sales or income tax as a partial alternative to reducing or eliminating property taxes?		
3)	Do you support the creation of civil unions for same-sex couples?		
4)	Would you support a cigarette tax increase if the funds were only used to provide health insurance for Indiana's uninsured, as well as anti-smoking campaigns?		
5)	Do you support the use of embryonic adult stem cells for medical research?
